

LED SNAP FRAME LIGHT BOXES

Beautifully display your advertisements!

Your printed graphics will exquisitely stand out due to the ultra-slim laser cut and etched light guide panel that is edge-lit with daylight white Tier 1 6500K LEDs.

The snap frame features an ultra-thin .78" profile that makes for sleek and easy wall mounting.

KEY ADVANTAGES

The ultra-bright, energy efficient LEDs shine through the laser cut lit up light guide panel to uniformly light up the snap frame ensuring your graphics grab attention!

Easily updates

Swap out graphics with the front-access 4 sided snap frames

Superior Illumination

Shadow-free, completely even lighting of your graphics and posters

Longer Lasting

Energy efficient ultra-bright LEDs rated for 70,000 hours of usage
